Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

### **Business Valuation For Business Owners**

Although the Earning Value Approach is the most popular business valuation method, for most businesses, some combination of business valuation methods will be the fairest way to set a selling price. The first step is to hire a professional Business Valuator; she will be able to advise you on the best method or methods to use to set your price so you can successfully sell your business.
