From Silver To Cocaine Latin

"From Silver to Cocaine is an important and innovative collection. It provides a corrective to the purely national studies of commodities and of export sectors, and to studies that posit influence in only one direction, focusing on the international penetration of capital and trade into Latin America.

From Silver to Cocaine: Latin American Commodity Chains ...

In clear, accessible essays, historians from Latin America, England, and the United States trace the paths of many of Latin America's most important exports: coffee, bananas, rubber, sugar, tobacco, silver, henequen (fiber), fertilizers, cacao, cocaine, indigo, and cochineal (insects used to make dye).
