It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser.

Junie B First Grader Shipwrecked

Like Junie B, she is in the first grade, so what seems so funny to a reader a little older just seems like the way things are to her. But we enjoy the books together. The best part of Shipwrecked is when the school play actually takes place towards the end of the book.
