The chapter divisions and ordering in Kanji in Context feels much more useful to me, as they are grouped by frequency, semantic and vocabulary similarities (eg. king and slave are in the same chapter), thus they had a lot of "contextual" sense to me. KLC has some more kanji, whereas KIC has the jouyou (new list).

Context. It's the reason I'm so bad at retelling funny stories. (Seriously—you just had to be there.) But when it comes to language learning, while it's important to have guidance, the context in which you learn new information has a major impact on your ability to recall that information later.

Kuma Sensei - Discover Japan. Discover yourself.

The main volume is essentially a big dictionary of the jouyou kanji, with X vocabulary words to learn arranged under the various kanji—about 10,000 words in all. The vocabulary is graded with different colors and symbols, so you can work through the book multiple times, learning the words from one "level" at a time.
