### Liespotting: Proven Techniques to Detect Deception by ...

Liespotting is the kind of book that permanently changes your perception of other people and yourself. It is not just about knowing whether someone is lying to you. This book offers so much more than that: deep insight into the world of human motivations, emotions, and desires. I recommend it to anyone who, well, interacts with other people.

### Liespotting Summary - Four Minute Books

Liars usually work very hard at constructing a convincing narrative, making sure that each part of their story is plausible and logical. But just as unconsciously leaked facial micro-expressions and body language can betray a liar's true emotions, unconsciously leaked verbal slips can betray one's underlying train of thought.

THE BUSINESS OF LIESPOTTING By the time I attended my twentieth Harvard Business School reunion, the experience with my assistant had faded to a footnote in an otherwise rewarding career that involved developing, branding, and disseminating content-based properties across many media venues--television, print, and online.

### Liespotting: Proven Techniques to Detect Deception

It starts with the book LieSpotting, which introduces everyday people to deception detection techniques well known in law enforcement and in the intelligence world. If you master these ten tips, you'll know when it's time to ask harder questions and you'll know if Sarah Palin is telling the truth, the next time she tweets "U Lie" to Rahm.

### Press | Liespotting

Most people are no better than chimpanzees at detecting lies. Since we hear as many as 200 lies a day, we live with a hidden problem most of us are unaware of. With training in the fundamentals of deception detection, we can significantly improve our liespotting skills. How much do you know about liespotting?

### Test Your Lie-Q | Liespotting

On any given day we're lied to from 10 to 200 times, and the clues to detect those lies can be subtle and counter-intuitive. Pamela Meyer, author of Liespotting, shows the manners and "hotspots" used by those trained to recognize deception -- and she argues honesty is a value worth preserving.
