While it's not necessarily cool in that "Omigod-I-have-to-have-one" way, Nissan's compact X-Trail SUV is a good example. Nissan X-trail 2006 Bonavista Edition — I love it. It looks good, is cheap on gaz and has extras too. Of course, it's not a V6 or V8, and doesn't have a lot of pulling strength, but if you don't plan on pulling a trailer camper (it could though) then it's a perfect Suv. Nice in bad weather with it's 4x4. I wouldn't trade it for the world.
